

LINCOLN

MAKE YOUR MARK

THE ALL-NEW
2010 LINCOLN MKT

Introducing a confident declaration of expressive style, advanced technology and ultimate comfort. The all-new 2010 Lincoln MKT. With three rows of spacious seating nestled beneath its sculpted exterior, this split-wing 6- or 7-seater absolutely transforms the Luxury Crossover vehicle. See the world in a new light through its standard all-glass, panoramic Vista Roof™ with power front and rear sunshades. Experience true Lincoln freedom as MKT handles the parallel parking – with very little assistance from you – with its available radar-based Active Park Assist. Warm up in your 2nd-row heated seat, or cool off with an ice-cold beverage out of the available refrigerated console. All of this, and so much more, is possible in the inspiring 2010 Lincoln MKT.

THE ALL-NEW LINCOLN MKT. ARRIVING SUMMER 2009.

EXPANSIVE LUXURY. It all blends beautifully in Lincoln MKT. There's spacious room for up to seven, made to feel even more expansive by an all-glass, fixed panoramic Vista Roof that invites the sky into all three rows. As you control the vast array of technology before you, leather-trimmed heated and cooled front seats enhance each journey. In the spacious 2nd row, passengers are warmed by heated outboard seats (heated and cooled 2nd-row bucket seats with fold-and-tumble feature are available). And an available PowerFold™ 3rd-row seat¹ folds quickly if additional cargo space is needed.

¹Late availability.

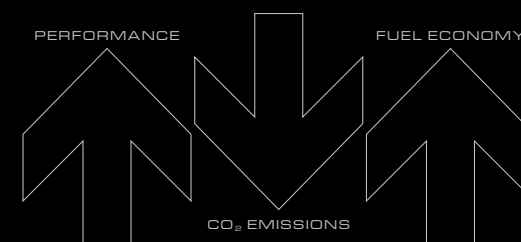

ADVANCED TECHNOLOGY. The best innovations make your life easier. And Lincoln MKT is loaded with them. Consider parallel parking conquered with available Active Park Assist. Simply push the Park Assist button as you approach a spot, put MKT in Reverse, remove your hands from the wheel, and use the brake to ease into place. MKT does the rest. Accident-avoidance technology like available BLIS™ (Blind Spot Information System) with Cross Traffic Alert, available Adaptive Cruise Control and Collision Warning with Brake Support can heighten your awareness on the road. And a standard 8-in. touch screen gives you fingertip control of the audio and climate systems, while providing the perfect display for the Rear View Camera image.

INCREASED POWER. LOWER EMISSIONS. EXCEPTIONAL FUEL ECONOMY! Is it possible? The answer is a resounding YES with the new 3.5L EcoBoost™ V-6 engine available on Lincoln MKT. This turbo-charged, direct-injection powerplant attains peak torque from 1500 rpm on. Its tremendous low-end torque provides smooth power on demand, as well as excellent launch and acceleration.

There's so much power, in fact, that Lincoln MKT with EcoBoost is equipped with All-Wheel Drive. Inside, a 6-speed SelectShift Automatic™ transmission supplies the convenience of an automatic with the freedom of a "manual" mode if you prefer shifting yourself. And with standard steering wheel-mounted paddle shifters, you have more control as your hands never have to leave the wheel. Pull to upshift and push to downshift for a completely engaging experience. Give your drive a boost with the new EcoBoost engine.

*When compared to a larger, naturally aspirated engine.

STANDARD LUXURY FEATURES

ENGINE

- 3.7L 24-valve Duratec V-6
- 267 hp @ 4250 rpm/268 lb.-ft. of torque @ 5000 rpm¹

- Class III Trailer Tow Package
- Dual-Headrest DVD Entertainment System
- Woven-metal appliqué⁷
- Active Park Assist (EcoBoost only; requires Elite Package)

¹Based on Lincoln preliminary data. ²Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. ³The vehicle's electrical system (including the battery), the wireless service provider's signal, and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to Lincoln SYNC and the 911 Assist feature enabled in order for 911 to be dialed. ⁴See your Lincoln Dealer or contact SIRIUS at 1-888-539-7474 for more information. ⁵Always wear your safety belt and secure children in the rear seat. ⁶SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. ⁷Not available with Charcoal Black or Canyon interior. ⁸Additional cost.
